

PRESENTS:

TENDERMAKER

THE **PROBLEM:**

Lack of transparency and trust in tenders.

- Public tenders are often not truly transparent
- Participants cannot be certain the process is fair
- Sensitive information might be exposed,
discouraging participation
- Outcomes may favor insiders or connections
instead of the best bid

THE
SOLUTION:

TENDERMAKER

KEY FEATURES

Create

Create a private or public tender according to your specific needs

Search

Browse through the list of public tenders and find the one suitable for you

Bid

Make a private offer in an active tender
